Personal Final Summary

I adapt quickly and effectively to any work environment and take pride in excelling in my duties and of expectations of me.

I have the ability to manage and complete multiple tasks very proficiently relatively at once, depending on complexity.

I take particular enjoyment from satisfying customers and meeting or exceeding their expectations and needs.

I wish to continue providing advice to local people and businesses with my extensive grasp & skills. I am dedicated & passionate about my work & imparting it on people with the best creative and technical knowledge available, that best reflects current & future needs, realistically inline/ or endue with actual required milestones. stake holders requisites or any other expectations.

I am a good team player and am pleased at any opportunity to assist any personnel with their needs and contribute effectively to meet team goals, and am flexible to assist with any task or situation.

I am a personable, friendly well spoken person with good manners, with a pleasant, helpful, creative and interested nature.

I desire a stable working schedule, yet flexible to allow work within a 7 day work week if needed or requested by my employer.

I would prefer working locally for a stable wage, rather than having to travel up to 4 hours a day extra to Melbourne for a living.

I am dedicated to supporting my family yet working within the surrounding area.

I will look up and research you and your company; if in line with my global beliefs and morals I would personally be very happy and proud of working with you.

My personal goal for the next 5 to 8 years; is to have a great well remunerated job that will finish at a reasonable time of day, that allows me the mind space and spare time to spend with my family whilst further being able to develop my artistic endeavours/ paintings/ digital art and write two books I have been working on over the last few years.
